Institutional Distinctiveness

Institutional Distinctiveness J.S.S Banashankari Arts, Commerce and S. K. Gubbi Science College aspires to become an institution known for

1. Effective conjunction between teaching and research
 2. Providing quality education with a minimal fee structure
 3. Promoting academic, physical, moral and cultural development of students
 4. Preparing students for the competitive world
 5. Academic and professional development of teachers and staff
- a. The college provides a perfect platform to students to develop their innovative skills by promoting a research based teaching and learning process. Teachers always encourage students to understand topics through research minded approach, which ensures better understanding and provides strong foundation for their future academics. This has increased participation of students in seminars and Research projects. Students have secured prizes in quiz competitions, debates and other events in the academic year 2019-2020 organized by external agencies Postgraduate students have completed different research based projects during the current year.
 - b. The college, being a State Government Aided Institution has a nominal fee structure. Faculty members are appointed on merit basis through state Government and Governing Body of Institution selection Committee, which ensures high quality of teachers, thus providing quality education under nominal fee structure. Several students award scholarships from Stat Government, which further ensures better education of the economically challenged students.
 - c. A part from academic excellence, the college also pays sincere attention to the physical, moral and cultural development of students. Students have shown outstanding performance in sports tournaments in the year 2019-2020. Woman team was declared champion in inter college district sports and games championship (2019-2020) and the men and women's team became champions in inter college athletic championship. College also actively encourages the

organization of moral and cultural events such as observance of 126th anniversary of Swami Vivekananda Chicago Speech.

- d. College provides facilities to prepare students for the competitive world. Students of 2018-2019 batch have been enrolled for higher studies in prestigious institutes. Students of our college secured remarkable all India ranks in JAM examinations.
- e. Professional and academic development of teachers is always encouraged. In the year 2019-2020, faculty members have published research papers, Faculty members participate in short term courses, orientation programmes and other training programme. Technical and administrative staff of the college is appointed and are provided necessary training and support by faculty members as and when required. Model/chart making by students for understanding of molecular biology. We assign the task of model/chart making as per the topics in molecular biology as per syllabus. Students are involved in the activity of model/chart. A group of 2-3 students made by the staff members. Students groups will be allotted by teachers. Topic selection and further guidance will be provided by teachers. The prepared model/chart poster will be submitted to the guided teachers. The same model/chart poster, in the group of 2-3 students will demonstrate in classroom in front of teachers and students. Main motto of this best practice helps the students in following ways.

1. Improving their subject knowledge.
2. Give scope for their creative thoughts and learning skills.
3. Enhance the confidence and speaking skill on stage.
4. Give the pleasure of team activity.

At the end of the academic year for best models/poster/chart making teams prizes/certificate will be distributed, as a activity part for “ Khorana forum club”

.Scientific articles collection

All the 03 years graduation students, submit articles on current research areas in form of paper cutting, abstracts, journal reviews and e-sources. Every semester, students will submit articles. This best practice helps students to enhance their knowledge from their confined syllabus.
