- **Platform** : Windows, Unix
- **JAVA IDE** : Eclipse, NetBeans and basics Android Studio 3.0
(Calculators, Greeting Cards etc.)

Paper publications

- Published a research paper entitled, "Toll snapping and processing system" in the International Journal of Emerging technology in computer science and electronics (IJETCSE), Vol. 14 - Issue I2 (April - 2015), ISSN: 0976-1353.

Academic Project detail

Title	1. Toll snapping and processing system. 2. Malicious node detection in Manet's using DSR Approach
Project description	1. This paper main intention is to collect the toll fees online. We have done the simulation as second part and we made a website to collect the online payment. 2. Here the systems are nodes to transfer data from one node to other node. Some time there may be a malicious nodes in the network. To identify and prevent those malicious nodes we are using DSR approach.
Internship	I have done internship in Clouds Click India Pvt Ltd Company Hubballi . I worked on Web Designing(HTML,CSS,PHP,JS)

Strengths

- Hard worker.
- Quick learner.
- Adjustable and friendly.
