- Vacant posts are not recruited
- Unable to get research guide ship from Karnatak University, Dharwad.

Opportunities:

- Staff to pursue higher education
- To strengthen research and publications
- To introduce innovative methods of teaching and learning
- Scope for collaborative research and development
- Adequate academic resources available viz. books, major, instruments, software internet facility etc.
- Availing the major and minor research projects form various funding agencies.
- Training the students to acquire greater skills needed for the job market
- Enhancing the quality of student projects
- Provision for interdisciplinary approach to curriculum
- Can initiate coaching of TOFEL, creative writing, journalism, research writing, radio and TV anchoring.

Challenges:

- Walking abreast with the fast changing scenario of science and technology
- Teaching heterogeneous group of students
- Sustaining academic interests of the students in basic English on content based syllabus.
- Demythification of English as a difficult language.
- Lack of / difficulty in creating an ambience for speaking in English.
- Students use vernacular at home and outside the class room
- Lack of functional English exercises in syllabus prescribed.
- Influence of mother-tongue.

Future plans of the department:

Upgrading the department with well equipped language lab.

Encourage students to appear competitive exams by providing external coaching.

Enhance the number of reference books in the departmental Library.

To organise Guest lectures, seminars.

Conduct workshop on functional English

To start M.Phil/ Ph.D. Programmes by taking Guide ship recognition from Karnatak University Dharwad.

35.	<p>SWOC analysis of the department and Future plans:</p> <p><u>Strength :</u></p> <p>The Dept. has well qualified faculty With PhD degree, has the tricks and technique to develop life skills, values, ethics, Morals, Discipline among the students in the present trend and scenario. The faculty brings to develop all round development of personality among the students</p> <p><u>Weaknesses:</u></p> <p>Weakness students are coming rural area and most of them are belonging to they lack in good communication in English lack of use of use of computer knowledge among students. but faculty is working very hard to overcome these weakness</p> <p><u>Opportunities:</u></p> <p>Opportunity – students studding B. A. with Sociology develops the life skills, values, ethics, morals, and discipline they know different methods of teaching. They can pursue B.Ed in future and be good teacher may further pursue PG, M.Phil and PhD.</p> <p><u>Challenges:</u></p> <p>Challenges- In the present scenario and trend it is very difficult to get jobs In future hence it is an challenge for our students to face and overcome by securing good marks</p> <p><u>Future plans of the department:</u></p> <ul style="list-style-type: none"> • Reframe BA syllabus by conducting workshop. • Establish PG in M.A .-Sanskrit. • Implementation of ICT tools. • Promoting research. • To Organize State Level and National Level Seminar / Workshop. • Plan for Conducting Certificate Course for Non Sanskrit Speaking Students. • Plan for conducting Translation Certificate Course.

Best Practice:
Title: Visit to the Research laboratories and Institutions of Higher learning.
Objectives: Motivating the students towards higher studies and Research.
Practice: Every year B.Sc. VI semester students visit to University Scientific Instrument Centre (USIC), PG Department of Physics, Karnatak University, Dharwad and NPCIL, Kaiga for interaction. Staff members explain the opportunities after higher studies in Research and Career. They also demonstrate ongoing research work. Research scholars and staff interact with students.
In Kaiga, the students observe and learn about the development of nuclear power technology and to produce nuclear power as a safe, environmentally benevolent and economically viable source of electrical energy to meet the increasing electricity needs of the country, ‘safety first and production next’, nuclear power generation capacity in the country, consistent with available resources in a safe, economical and rapid manner, in keeping with the growth of energy demand in the country, power sector scenario, power generation stages, safety disposal of nuclear waste, radiation level, etc. The management, college and Staff members take care of the expenses of travelling and food.

Evidence of success: Most of the students have taken to higher studies especially in the parent university. Many have joined research after their post graduation.

Problems encountered: Visit to these institutes is difficult during our convenient time in the constraints of semester system.

- Unable to get research guide ship from Karnatak University, Dharwad.(parent university)
- Limited students qualified IIT-JAM, KVPY

OPPORTUNITIES:

- Staff to pursue higher education
- Availing services from national agencies like NCL Pune, IISc, Bengaluru, VGST, etc.
- To strengthen research and publications
- To introduce innovative methods of teaching and learning
- Scope for collaborative research and development
- Adequate academic resources available viz. books, major, instruments, software internet facility etc.
- Availing the major and minor research projects form various funding agencies.
- Training the students to acquire greater skills needed for the job market
- Enhancing the quality of student projects
- Provision for interdisciplinary approach to curriculum

CHALLENGES:

- Walking abreast with the fast changing scenario of science and technology
- Teaching heterogeneous group of students
- Sustaining academic interests of the students in basic sciences
- Public awareness is very much stronger in case of professional courses like engineering and medical compared with basic science courses like B.Sc.
- Sustaining academic interests of the students in basic sciences

FUTURE PLANS OF THE DEPARTMENT:

- Upgrading the department with well equipped research laboratory.
- Encourage students to appear IIT-JAM and KVPY exams by providing external coaching.
- Enhance the number of reference books in the departmental Library.
- To organise Guest lectures, seminars.
- Conduct workshop on use of Chemistry related software's like CHEM DRAW, CHEM SKETCH etc.
- Conduct workshop on Green Chemistry Laboratory Techniques.
- To establish a Analytical laboratory centre
- Popularizing Chemistry through community interactions
- To start M.Phil/ Ph.D. Programmes by taking Guide ship recognition from Karnatak University Dharwad.

	35. SWOC analysis of the department and Future plans:	
	<u>Strength :</u>	
	<ul style="list-style-type: none"> • Central digitized library facility in the College. • Good infrastructure facilities. • Well equipped laboratories with un-interrupted power supply. • Qualified, experienced staff. • Recognition as Innovative Science Education Centre by VGST Govt. of Karnataka. • Recognition as Centre for potential with excellence from UGC. • Supporting management. 	
	<u>Weaknesses:</u>	
	<ul style="list-style-type: none"> • Insufficient R & D collaboration with well established research institutes. 	

- Karnatak University Dharwad has not recognized our college as research centre.
- Packed academic schedule restricting available time to conduct research and to participate in extracurricular activities.
- Teaching centered institute giving less time for students to take part in research activities.
- Lack of research oriented syllabus.

Opportunities:

- Adequate academic resources available viz. books, major, instruments, software internet facility etc.
- Scope to pursue research.
- To strengthen research and publications.
- To introduce innovative methods of teaching and learning.
- Scope for collaborative research and development.
- Apply to research funding agencies like UGC/DST/DBT for funding to support research projects.
- Provision for interdisciplinary approach to curriculum.

Challenges:

- Teaching heterogeneous group of students.
- Sustaining academic interests of the students in basic sciences.
- Public awareness is very much stronger in case of professional courses like engineering and medical compared with basic science courses like B.Sc.
- Sustaining academic interests of the students in basic sciences.
- Walking abreast with the fast changing scenario of science and technology.

Future plans of the department:

- Upgrading the department with well-equipped research laboratory.
- Encourage students to appear IIT-JAM and KVPY exams by providing external coaching.
- Enhance the number of reference books in the Departmental Library.
- To organize Guest lectures, seminars and Conferences.
- Conduct Botany Teachers workshop to discuss about curriculum.
- Popularizing Botany ICT tools.
- To start M.Phil/ Ph.D. Programmes by taking Guide ship recognition from Karnatak University Dharwad.

34. Participation in Institutional Social Responsibility (ISR):

- Students participated in Social Movement like Anna Hazare Anti-Corruption Rally.
- Participated in NCC & NSS Activities and Extension Activities.
- Students also Participated in the ecological science awareness program in rural areas by demonstrating few experiments.
- National Road safety, Tobacco & plastic free campus.
- Procession on save traditional culture of India.

35. SWOC analysis of the department and Future plans:

Strength :

- Qualified faculty
- Departmental library with adequate reference books
- Well-equipped departmental museum with rare specimens
- Providing practical knowledge to the students through well-equipped laboratories
- Modern teaching techniques & teaching aids with ICT tools.
- Guiding projects to the students

Opportunity:

- Learn Together Programme is initiated to enrich vocabulary & provide knowledge about recent trends & news in biological sciences day to day by display of certain profound articles from newspapers & journals on the departmental notice board.
- Provision for remedial classes for the slow learners.
- Provision for providing books, question banks from the department to all categories of the student.
- Exposure of students under the guidance of faculty for career orientation through attending conferences.
- Staff pursue higher Education
- Adequate academic resources available- Books, softwares, Departmental & Central Research lab

**Challenges:**

- Creation of an atmosphere for employment/career oriented programmes especially for life science students.
- Creating awareness about the importance & scope of higher education in life science
- Motivating students for further studies & take up competitive examination
- Developing communicative skill & personality development of the students
- Due to ban on dissection by UGC it is a challenge to explain the anatomy & physiology of the animals through videos

Future Plans:

- To invite external academicians of Zoology to interact with the students
- To compensate the ban on dissection planned to establish the virtual lab
- To initiate PG course.
- To bring major research project

The Departmental Highlights:

- The department conducts Blood group Test & Detection of Hb % of science faculty & students of science wing.

Weaknesses:

- Lack of R & D collaboration
- Limited industry exposure for mathematics.
- Vacant posts are not recruited
- Unable to get research guide ship from Karnatak University, Dharwad.

Opportunities:

- Staff to pursue higher education
- Availing services from national agencies like IISc, Bengalure, VGST, etc.
- To strengthen research and publications
- To introduce innovative methods of teaching and learning
- Scope for collaborative research and development
- Adequate academic resources available viz. books, major, instruments, software internet facility etc.
- Availing the major and minor research projects form various funding agencies.
- Training the students to acquire greater skills needed for the job market
- Enhancing the quality of student projects
- Provision for interdisciplinary approach to curriculum

Challenges:

- Walking abreast with the fast changing scenario of science and technology
- Teaching heterogeneous group of students
- Sustaining academic interests of the students in basic sciences
- Public perception is very much stronger in case of professional courses like engineering and medical compared with basic science courses like B.Sc.
- Sustaining academic interests of the students in basic sciences.

Future plans of the department:

- Upgrading the department with advanced research facilities
- Encourage students to appear IIT-JAM by providing external coaching. And to attend MTTS Programme .
- Increase the number of reference books in the departmental Library
- Guest lectures, seminars.
- Conducting seminar / workshops on Mathematics .
- To start M.Phil/ Ph.D. Programmes by taking Guide ship recognition from Karnataka University Dharwad.
- Attracting more students from rural background.
- To start PG Program in mathematics.

Home assignments are given to identify the writing skills of students; article writing is given to students to inculcate extra reading habits and collection of new resource material by web-search.

34. Participation in Institutional Social Responsibility (ISR) and Extension activities:

Students are encouraged to join NCC and NSS wing for participating in social activities. Students participated in Social Movement of Anna Hazare on Anti Corruption Rally, Rallies conducted on voting awareness, Human Rights, National Road Safety week organized by RTO, Dharwad, Programs of Tobacco and Plastic Free campus. Students are also encouraged to participate in all Union and Gymkhana activities of college which run so many programs throughout the years.

35. SWOC analysis of the department and Future Plans:

Strength: The faculties are good academicians and conduct classes effectively to impress the students community. They guide students to solve any problems of academic nature found in their syllabi.

Weakness: There is a heterogeneous section of students coming to the department of statistics with variable levels of performance at previous examinations. These students are facing the problem of learning statistics for the first time. Hence there is a difficulty in handling students. Thus the induction program / bridge course has to be adopted for such students to build confidence in their learning of new subject statistics.

Opportunity: The students learning statistics for 3 years acquire a good knowledge of data analysis with sound by ground of theoretical consideration and hence can become good at statistical analysis.

Challenges: The students enrollment for the statistics course is very much limited. Students have to be guided for taking this course. Most of the students prefer the traditional combination of subjects and forget an essential statistics new subject which serves as a tool for research in every field of subject undertaken.

Future Plan: All the students who have joined the statistics degree course will be trained in an effective manner to handle statistical data analysis and use of computer and statistical soft wares to handle big data. The students will be advised to take higher PG course which becomes essential for seeking jobs with higher level of emoluments.

- To strengthen research and publications
- To introduce innovative methods of teaching and learning
- Scope for collaborative research and development
- Adequate academic resources available viz. books, major instruments, software internet facility etc.
- Availing the major and minor research projects form various funding agencies.
- Training the students to acquire greater skills needed for IT Industry/MNC's
- Enhancing the quality of student projects
- Provision for interdisciplinary approach to curriculum
- Computer is one of the important subjects hence various issues like Information Technology and E-commerce would be highlighted

Challenges:

- More colleges coming up in the city who are trying to attract students
- Up gradation of the UG syllabus with modern economic developments
- Walking abreast with the fast changing scenario of science and technology
- Teaching heterogeneous group of students
- Sustaining academic interests of the students in basic sciences

Future plans of the department:

- Upgrading the department with well equipped research laboratory.
- Encourage students to appear IIT-JAM exams by providing external coaching.
- Enhance the number of reference books in the departmental Library.
- To organize Guest lectures, seminars.
- Conduct workshop on Upcoming trends such as J2EE, VB.Net and other upcoming technological platforms.
- Popularizing Hardware and Software through community interactions.
- Conducting student Related IT fests and encouraging students to participate in other college computer related events.

Main activities Conducted by the Department. During 2010-2015:

- To equip the students with necessary analytical and seasoning skills for understanding various economic problems and to try to find out the solutions.
- To help the students to understand the working of the modern economy.
- To enlighten the students on current Indian and Global Economic problems.

STRENGTH:

- The department of economics has potential staff members..
- Both staffs are highly qualified and one staff is having doctoral degree and other staff member is having SLET examination and pursuing Ph. D in Economics.
- Both staff members are actively engaged in research.
- Number of students preferring economics as their one of the optional subjects in BA degree.
- Central Budget –analysis.
- Project works are carried out through field visits.
- Conduct of Bridge Courses.
- Use of various published articles and books in class room teaching
- Industrial visits and interaction with entrepreneurs.

WEAKNESS

- Majority of the students are from Kannada medium background which obstructs them in using of internet and INFLIBNET.
- Difficulties in time management because of Semester system.
- Difficulties in organization of State/National/International level workshops and conferences due to time and financial constraints.

OPPORTUNITIES

- Involvement of more students in Research through field visits.
- Actively associated with the industries of the region.
- Economics is one of the important subjects hence all problems are linked with economics, so we can communicate the students in right direction.
- To organize Programs on personality development through seminar method for students.

CHALLENGES

- More colleges coming up in the city who are trying to attract students
- Up gradation of the UG syllabus with modern economic developments
- Application of econometrics in the study of economics.
- Convince of socio-economic and political problems of the country.

FUTURE PLAN:

Best Practices of Dept. of Political Science:

- Book bank scheme: The department issue the books to the students those who are unable to purchase from outside.
- Commerce Fest: To bring about the management skill among the students.
- Study Tour: The study tour helps the students to visit the particular place and learn the practicalities of the theory. Students gain practical knowledge, learn to write reports of their experience, Joy of learning with peer group in nature.
- Cornicing: Slow learners are identified on the basis of their performance in the class, internal tests and semester examinations and identify their personal problems and try to solve those.

- Training the students to acquire greater skills needed for the job market
- Enhancing the quality of student projects
- Provision for interdisciplinary approach to curriculum

Challenges:

- Walking abreast with the fast changing scenario of science and technology
- Teaching heterogeneous group of students
- Sustaining academic interests of the students in basic sciences
- Public perception is very much stronger in case of professional courses like engineering and medical compared with basic science courses like M.Sc.
- Sustaining academic interests of the students in basic sciences

Future plans of the department:

- Upgrading the department with advanced research facilities
- Encourage students to appear NET/SET exams by providing external coaching.
- Increase the number of reference books in the departmental Library
- Guest lectures, seminars.
- Conduct workshop on use of Chemistry related software's like CHEM DRAW, CHEM SKETCH etc.
- Conduct workshop on Green Chemistry Laboratory Techniques.
- To establish a Analytical laboratory centre
- Popularizing Chemistry through community interactions
- To start M.Phil/ Ph.D. Programmes by taking Guide ship recognition from Karnatak University Dharwad.

35 SWOC analysis of the department and Future plans:

Strength :

- Qualified, experienced staff and well equipped laboratories with uninterrupted power supply.
- Recognition as Centre for potential with excellence from UGC.
- Central digitized library facility in the College.
- Supporting management.
- Good infrastructure facilities.
- Highly cooperating UG Department.
- Department library with necessary books.

Weaknesses:

- Less interest regarding research in student community.
- Limited industry exposure.
- University not provide research centre to colleges.
- 50% students allotted by university.

Opportunities:

- Availing services from national agencies like National Academies of sciences, VGST, etc.
- To strengthen research and publications
- To introduce innovative methods of teaching and learning
- To avail funds from DST / UGC/VGST Projects
- Scope for collaborative research and development.

Challenges:

- Walking abreast with the fast changing scenario of science and technology
- Teaching heterogeneous group of students.
- Sustaining academic interests of the students in basic sciences.
- Public perception is very much stronger in case of professional courses like engineering, and medical compared with basic science courses like M.Sc.
- Sustaining academic interests of the students in basic sciences.
- Complete establishment of the department.
- Supervision of the projects related to the syllabus (specialization).
- Placement of outgoing students.

Future plans of the department:

- Installing Photo Voltaic Panels on the Physics lab as a pilot project to meet the energy needs of that department and labs
- Upgrading the department with research facilities
- Guest lectures and seminars
- To establish a science resource centre
- Popularizing basic science through community interactions
- Increasing student research programmes in collaboration with USIC, KUD.
- Sending students to summer projects to advanced laboratories.

POST ACCREDITATION INITIATIVES

Introduction:

The peer team which assessed and reaccredited JSS Banashankari Arts, Commerce and Shantikumar Gubbi Science College, Vidyagiri, Dharwad-580 004 during April 8-10, 2010 (second cycle) made the following recommendations. Given below are the measures initiated by the college to implement them.

Sl. No.	Recommendations	Initiatives
1.	Name of the college needs to be rechristened by deleting superfluous terms.	<ul style="list-style-type: none"> • <i>The name of the college cannot be rechristened since; the college was established in 1944 and with this name the college was included under section 2(f) and 12(B) of UGC Act, 1956. The college name is in accordance with the wishes of the donors. But, the college is popularly known with short name JSS College in the region of North Karnataka.</i> • <i>The superfluous terms like BBA, BCA, BSc (computer science), PGDCA, MSc (computer science) & MA(English) were used only when these new courses were introduced just to draw the attention of students and all these courses are bifurcated and established with separate institution Shree Manjunatheshwara Institute for UG & PG from June 2012 onwards.</i> • <i>Our college name is preserved as “JSS Banashankari Arts, Commerce and Shantikumar Gubbi Science College”.</i>
2.	The college may seek autonomous status to introduce more programme options through CBCS mode.	<ul style="list-style-type: none"> • <i>The college has established many programmes in the last 5 years and will certainly seek autonomous status in upcoming years.</i>
3.	The college may introduce new UG program options in Biochemistry, Cell Biology, Analytical Chemistry, Corporate Secretaryship, Nanoscience, Instrumentation etc.	<ul style="list-style-type: none"> • <i>The Karnatak University to which the college is affiliated has not offered these optional subjects for its UG programs and within 0.5 km another college has Corporate Secretaryship for B.Com course.</i>

4.	Similarly, post-graduate programs in Mathematics, Botany, Chemistry, Physics and Commerce may be introduced.	<ul style="list-style-type: none"> Established <i>M.Com.</i> programme in 2013-14, <i>M.Sc. Chemistry</i> and <i>M.Sc. Physics</i> programs in 2014-15. Initiated to commence <i>M.Sc. Botany</i>, <i>M.Sc. Zoology</i> and <i>M.Sc. Mathematics, etc.,</i> programs.
5.	Utilizing the expertise available in the sister medical institution the college may plan to introduce non-clinical para-medical courses like rehabilitation science, food and nutrition.	<ul style="list-style-type: none"> The college has established UGC sponsored <i>COP</i>; <i>Medical Laboratory Technician Course (MLTC)</i> – certificate, diploma and advanced diploma each of one year duration utilizing the expertise available in the sister medical institution. The students opt food and nutrition course through IGNOU study centre of our college. Rehabilitation science course is a professional course offered at University of Agricultural sciences.
6.	All faculty members should be encouraged to get involved in research on contemporary topics.	<ul style="list-style-type: none"> Faculty members are encouraged to attend <i>Refresher /Orientation courses, seminars /conferences and workshops</i> to update their knowledge on contemporary topics. <i>Central Research Laboratory</i> has been established for research activities. Five faculty have availed the <i>FIP/FDP</i> programme for <i>Ph.D.</i> 16 staff members have successfully defended their doctoral degrees. 11 staff members are pursuing <i>PhD</i> programme. 126 research articles in national/international peer reviewed journals and 34 books chapters. 332 student research projects are completed under the guidance of the faculty. They are also motivated to apply for research projects to funding agencies.
7.	Facilities needs to be created for differently abled students e.g. ramp for physically challenged.	<ul style="list-style-type: none"> <i>Ramps, wheel chair</i> are provided and <i>elevator</i> facility at <i>DRH & UTSAV</i> hall.

		<ul style="list-style-type: none"> • Free education facility given for blind students. • Ground-floor Class rooms and Examination halls are allotted. • Facility to park vehicles near the college gate and. • Fellow students are motivated by the teachers to assist the visually challenged students in all possible manners • Audio CDs are made available for use by the visually impaired. • Services of scribes with extra time and separate seating arrangement during University examination is provided to visually challenge in the examination.
8.	Specific yearly budgetary provisions for various activities of the college may be adopted.	<ul style="list-style-type: none"> • Yearly budgetary provisions for various activities of the college are prepared and followed.
9.	Wi-Fi with high-speed may be provided to all the students in the campus on 24x7 basis.	<ul style="list-style-type: none"> • Wi-Fi with high-speed facility is provided to all departments and free Wi-Fi zone at central library and in computer science laboratories for students on 24x7 basis.
10.	The college needs to create a board consisting of subject experts for all certificate programs and structure them meticulously. Duration of such programs may be increased to at least nine months.	<ul style="list-style-type: none"> • The college has constituted various boards of relevant subject experts for all certificate programs and composed their own contemporary syllabus and supervises scrupulously.
11.	Intra and inter-departmental collaborations in teaching and research to benefit student community.	<ul style="list-style-type: none"> • Our college has supported Institutional Faculty Exchange Programme organized by Department of Collegiate Education Govt. of Karnataka at the time of establishing new Govt. First Grade Colleges around Dharwad (2009 onwards and till to date). • Under the above said Aptamitra/Sahayoga programme some of our faculty members engaged the classes in Govt. First Grade College, Dharwad and provided to utilize Physics and

		<p><i>Chemistry laboratories for the benefit of student community.</i></p> <ul style="list-style-type: none"> <i>In the last 5 years, 332 student research projects in which most of them are inter-disciplinary are completed under the guidance of the teachers evinces inter-departmental collaborations to benefit student community.</i> <i>Our faculties engage classes at IGNOU and KSOU study centers of the college and conduct practical sessions of BSc, BCA, MCA, PGDCA, etc., programmes.</i>
12.	Separate hostels exclusively meant for boys and girls of the college may be constructed to cater to increasing demands.	<ul style="list-style-type: none"> <i>Separate 2 blocks accommodating 270 boys and 4 blocks accommodating 398 girls are constructed.</i>
13.	Government of Karnataka may be approached to fill up various non-teaching vacant posts.	<ul style="list-style-type: none"> <i>Lot of efforts has been made to fill-up sanctioned non-teaching vacant posts and approached to Department of collegiate education, Government of Karnataka.</i>
14.	Language lab facility may be extended to all the students, staff and faculty of the college.	<ul style="list-style-type: none"> <i>Language lab facility extended with addition of 20 computers to all the students, staff and faculty of the college in phased manner.</i>
15.	Timings of the library may be extended to late night during examination times.	<p><i>The library timings have been extended as mentioned below:</i></p> <ul style="list-style-type: none"> <i>Regular days :7:30AM to 5.30PM</i> <i>Before Examination: 7:30 AM to 8PM</i> <i>During Exam time: 7:30 AM to 10.00 PM</i> <i>During Vacation: 7:30AM to 5.30 PM</i>
